Pelikan asks all Fans to meet in several cities around the world on September 25th, 2015 at 06:30 PM (local time). These informal meetings will be organized by Pelikans’ fans and are called “Pelikan Hubs”. As Pelikan fans are scattered around the world, our aim is to bring them together for interesting conversations. The goal is to connect the online and offline worlds and to create a platform for the Pelikan fans. The “Pelikan Hub” events are supported, but not hosted by Pelikan. All “Pelikan Hubs” are organized by a local “Hub Master” who will be chosen by Pelikan. In short: This meeting is organized for fans by fans, with support from Pelikan.

Procedure

All Pelikan fans around the world can take part in the project. All applications must be submitted via our campaign website www.pelikan.com/hubs. The participants can suggest a city with more than 200,000 inhabitants for a local “Pelikan Hub”. At the same time, he or she can apply to become the Hub-Master for this city. The larger the suggested city, the higher the likelihood that it will become a “Pelikan Hub”. Each city needs at least seven registrations in order to qualify as a “Pelikan Hub”.

To register as a “Hub Master”, participants have to fill out the voluntary text box “**I would like to become the Hub Master, because...**”. All applications for the Hub Masters and the cities must be submitted until June 30, 2015.

Subsequently, Pelikan will choose the cities to host a “Pelikan Hub” and one Hub-Master each. Participants who have chosen a city where a Hub can’t be realized will be informed accordingly and will be able to choose a different Hub online from a selection menu.

The participants agree that Pelikan will pass on their e-mail addresses to the chosen Hub Master to make sure that he or she can organize the event. The contact data of the Hub Master will be passed on to all participants. The Hub Master will announce all further details for the local “Pelikan Hub” until August 30, 2015, at the latest. There is no obligation for the invited participants to attend the meeting.

All Hub Masters agree to organize a local event with a maximum of 25 attendants. To minimize the effort by the Hub Masters, this limit was created, and it’s valid unless the Hub Master specifically agrees that more participants can join. If there are more than 25 applications for one city, the attendants will be chosen randomly. The Hub Master will not cover any cost at all in the context of the event. Costs for food, beverages and so forth must be covered individually by the attendants. If the Hub Master wishes to do so, he/she can set up additional entertainment/things to do for the evening, but this is absolutely voluntary. He/she is not responsible for the proceeding of the events at the “Pelikan Hub”.

Each „Pelikan Hub“ must take place in the center of the selected city. Otherwise, the “Hub Master” is free to choose the venue (restaurant, park, bar, etc.).

During the event, pictures can be posted with the hashtag #Pelikanhubs. These pictures will be automatically posted on Pelikan’s social wall:

In time for the event, each Hub Master will receive a set of Edelstein Ink bottles which he/she should take to the Hub for testing purposes. Pelikan will also send a parcel with a small gift and brochures to the “Hub Master” prior to the event, one for each participant. The “Hub Master” is committed to give the gifts of Pelikan to each attendant who is actually present at the “Pelikan Hub”. If there are fewer attendants present at the event than expected, the Hub Master can keep the remaining gifts for him or herself. The Hub Master can also keep the inks.

On top of that, Pelikan will give a power point presentation to the Hub Masters which should be shown to the participants, if possible (i.e. on a tablet).

Participation at the event is only possible if you register via the website Pelikan Hubs on the Pelikan site. Ideas and registrations which are sent via post, e-mail or in any other way can’t be considered. Pelikan will announce a list of the final “Pelikan Hubs” and inform all Hub Masters until July 1st, 2015.
